How to Use Your Oracle Cards

Clear Your Card Deck

Since cards are sensitive energies, they need to be cleared of any energy they have absorbed from the manufacturing process. This only needs repeating if someone else has touched them, or if readings lacked clarity because the cards are clogged with too much energy.

To clear your cards, first hold your cards in your non-dominant hand, as this is the hand that receives energy. Form a fist with your other hand (this sends energy) and knock the cards once. This knocks out the old energy so now the cards are now a blank slate and ready to be filled with your own energy.

Briefly touch each card to infuse them with your own energy. Then fan the cards out with the artwork facing you. Hold the fanned cards to your heart and think about any prayers or intentions you'd like to bestow upon your cards. Ask and pray for any help you like during your readings. Your cards now carry your personal vibration and intentions.

Next, ask Spirit to watch over your oracle cards during a session, ensuring only thoughts and feelings of love surround you. Ask to be shield from any fear-based energies that arise from you or other people.

To start a reading:

1. Ask a question.
2. Shuffle the cards.
3. Choose a card.

Consult the guidebook for more detailed explanation of each card.

Three-Card Reading

After cleansing your deck for first time use and completing steps 1 and 2, pick three cards from top of the deck. With pictures and words faced up, lay first card to the left, the next card in middle, and third to the right.

The first card speaks about the immediate past in respect of the question you asked. The middle card deals with your question's current status and what you know to work on now. And the card to the right shows your immediate future if you continue on your present path. You can improve your future with a positive outlook and following your inner guidance.

ADMIRER

YOU HAVE A SECRET ADMIRER.

You've received this card because you have a secret admirer who is too afraid to tell you about their feelings.

This person is someone close to you. Maybe a good friend or coworker. The good news is you feel a strong dynamic pull toward this person as well. In other words, you share chemistry with him or her.

Look for the signs of attraction around you. You will need to give them a nudge by letting them know about your feelings towards them.

Trust that the Universe has your back and will give you the confidence to make the first move.

ANGER

LEARN TO EXPRESS YOUR EMOTIONS IN A
WAY THAT IT CAN BE HEARD.

Things may not be going as planned, and you may have come up against an unexpected block, challenge or obstacle in your relationship journey. This actually is your own unresolved emotions coming back to haunt you.

You have been too compromising, given too much of yourself or your boundaries have been pushed past too many times. Now, you may be experiencing some regret, frustration or discontent.

But this is an important lesson in self-worth. It is proving to you that you are worth your boundaries. Your emotions are important and you need to express them in a way that you can be heard. Boundaries are very important, and you deserve the respect from others that comes from implementing them.

ATTRACTION

BRING ROMANCE INTO YOUR LIFE

This card as a reminder that the Law of Attraction can help you improve any situation where you may be wanting to attract something or someone into your life.

Think about your desires, and avoid worrying or complaining. Rise up to the level of the type of person you wish to attract.

Several times a day, imagine that the situation was presently healed and perfectly manifested. As your spiritual energy increases, you'll find yourself less attracted to lower energies in relationships and situations. The angels can help you deal with these endings and beginnings.

COMMITMENT

THERE IS A PROMISE OF FULFILLMENT IN
SOME FORM.

You have a spiritual destiny with your present soul mate. There's a Heavenly purpose for you and this person to be together, and you are supposed to help one another grow and prosper.

If you are still single, this means that the encounter with love is far away. Because you have too many dreams about romance and marriage, and you are not clear about types of a partner you are looking for. You need to write down all your thoughts about romance and marriage to have clearer visions. Once you have clear visions, you will draw more opportunities.

CONFUSION

THIS IS NOT A SETBACK, IT IS A CHANCE
FOR YOU TO PAUSE.

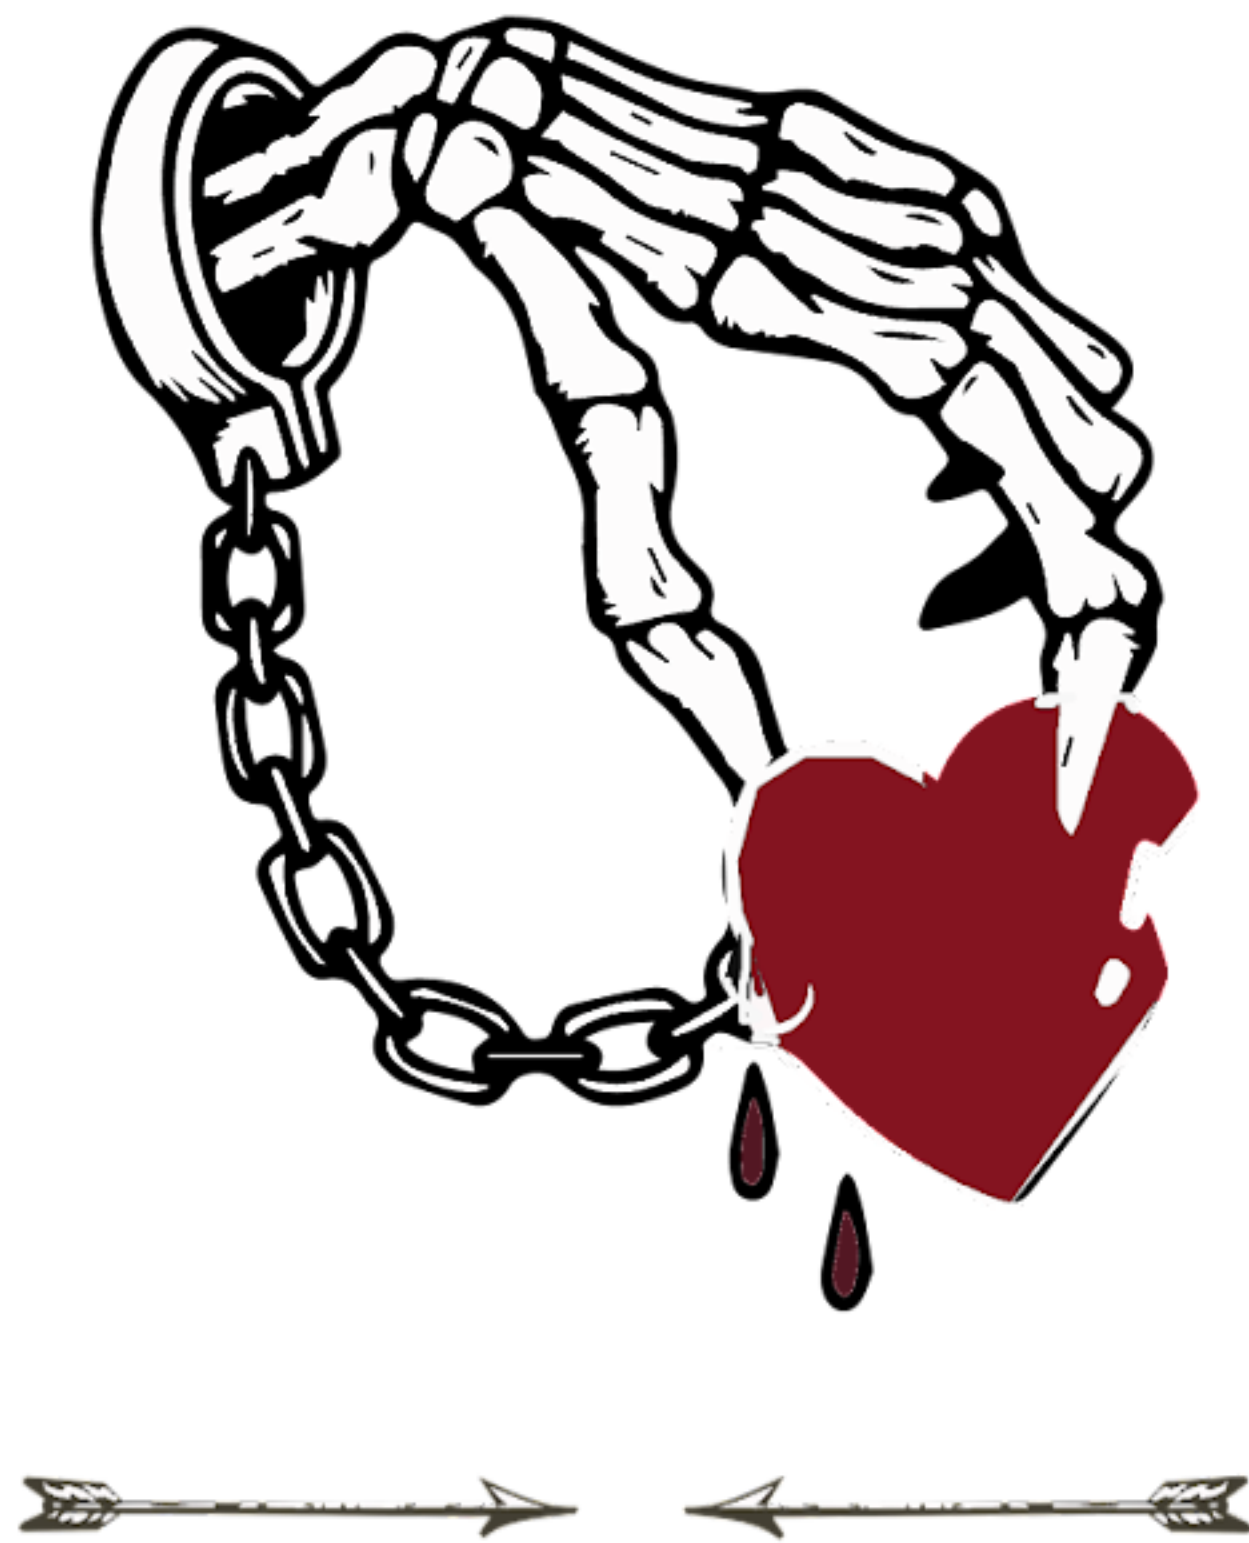

You may find yourself wondering exactly who you are and how you fit into the world. What is truly important to you? Who do you love, and who do you let in close to your heart?

All these things have been shifting and changing very quickly around you. What used to seem important may no longer hold your attention. A relationship you used to be passionate about may have faded.

This can be confusing as you find yourself wondering what is truly important to you. Have you outgrown your relationship?

Or, are you ready for a relationship now?

It is truly all about perspective. When you don't know what to do, take a moment to collect your thoughts. Admit to yourself that you may not have your plan of action in place quite yet and that's ok.

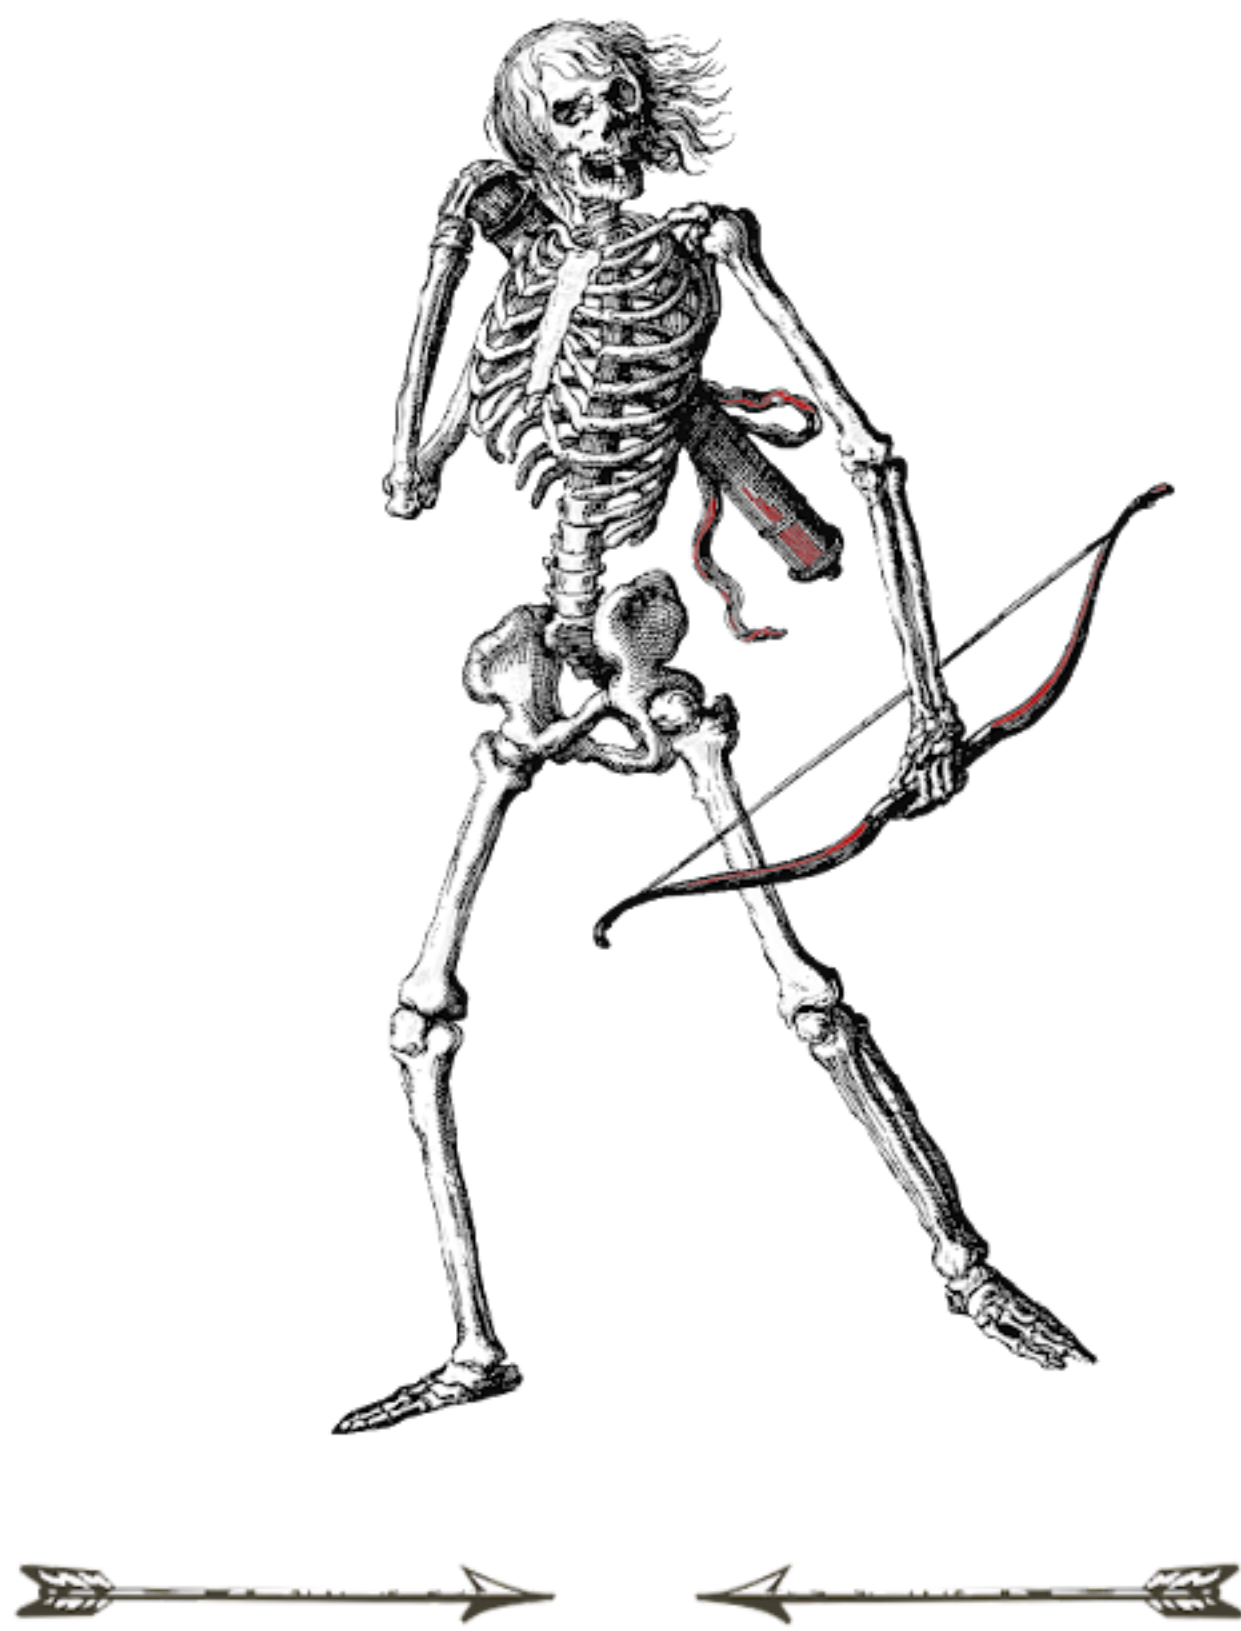

CONTROL

STOP LIVING YOUR LIFE TO PLEASE
SOMEONE ELSE.

Sometimes we limit ourselves and our own potential by being so focused on trying to change or please someone else, that we get totally side tracked from focusing on our own desires.

We think that we can put our own life on hold while we help someone else realize their potential. We don't seem to realize that we can only be responsible for our own potential.

When we stop living our lives to please someone else, and start pursuing our own dreams, we actually form better relationships. You deserve unconditional love, but it must start with you unconditionally loving you. When you can love and fully accept yourself, and focus on your heart's desires, you can follow your path fearlessly.

CUPID

YOU ARE GOING TO BRING LOVE INTO YOUR
LIFE.

Are you feeling worthy of love? This card comes to you because the Universe sees your desire for romance and is giving you the power to receive it.

But, if you don't know how to take care of yourself and love yourself, any expression of love with another person will have more challenges and runs the risk of unhealthy codependency.

Surround yourself with romantic beauty such as roses and candles. Release any painful attachments to previous or current lovers. Clearly decide what you desire in your love life.

DECEPTION

BE VERY AWARE OF THE SIGNS SYMBOLS AND
MESSAGES COMING TO YOU AT THIS TIME

This indicates someone in your life is going to betray or deceive you, which will have upsetting impact on you.

It is time to not ignore the red flags and listen to the bad feelings you have about this person and just walk away. Don't fall for their sly and manipulative words to try and get you on their side.

Don't doubt your decision. That person was not going to treat you with the respect you deserve.

The person to deceive you may be wearing a mask and once the mask is off, you get to see their true colour but after some detriment to you.

FANTASY

INDULGE IN A HARMLESS FANTASY.

If you are seeing this card, you may be thinking your relationship, or your life in general is becoming stale.

Sometimes, we need to add a little excitement to our lives. More magic. More colour. More luxuriating in the senses. More visualizing our heart's desires.

Imagine the pure joy you would feel to act out a harmless fantasy? Allow yourself to fully embrace the experience and have fun with your partner, or take an adventure on your own.

But, know that the Universe never wants you to put yourself in a situation where it can cause harm to yourself!

FLIRT

PLAYFULNESS IS THE HEART OF ROMANCE.

It's time to play!

This card reminds us to stay playful, stay flirtatious and enjoy the moment, for these moments don't come around again.

Bring a little rekindling to your relationship. Dating is good for both the heart and soul of anyone at any age and any stage in a relationship.

If you are single, let your hair down and flirt with that person you have a little crush on, or go out with friends and do something fun like dancing.

FORGIVENESS

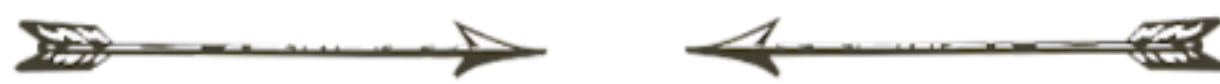

FIND IT WITHIN YOURSELF TO FORGIVE AND
MOVE FORWARD.

When we've been wronged by someone we trusted, there can be a latesting bitterness that we carry into our future relationships.

We can hold ourselves hostage over the past, reliving the pain and trauma over and over. This bitterness will only cause problems in new relationships.

But. we can choose to face it head on now and realize that it no longer holds power over us, unless we let it. It no longer determines our course, unless we believe it to.

You hold all the power. But you must truly forgive in order to begin anew.

FREEDOM

YOU ARE FREE TO DO WHAT YOU CHOOSE.

When we convince ourselves we are victims, we have given our power away to someone else.

We allow them to dictate how we feel about ourselves, and how we present ourselves to others. When we decide to take back our power, it may take some work to get going in the right direction. When we decide to do so, anything is possible.

Who has your power right now? Do you have it, or have you given it away?

Are you finally ready to create for yourself what you truly desire?

The best feeling in the world to take complete responsibility of your life.

FRIENDSHIP

CONNECTIONS CAN COME IN MANY FORMS.

The two of you are inseparable, finishing each other's thoughts, having the same interests, etc. You've evaluated the situation and you may start finding yourself drawn to this friend and think you want more than a friendship.

While this person could be a soulmate, remember that soulmates are not always a lover. Platonic soul mates come when you need them most. This soulmate's purpose in your journey is to help you connect to you to your partner; either to introduce you, or to give you confidence in yourself to attract that partner.

Take a step back and see this friendship for what it is, enjoy it, and take in all the lessons this soulmate is giving you!

GROWTH

YOU ARE ALWAYS WORKING WITH GUIDES
TO INVITE LOVE INTO YOUR LIFE.

You have been through a lot during your journey to love. But, you are awakening, expanding and growing into the next phase of your life.

Things are changing fast and this growth can be uncomfortable, scary and exhilarating all at the same time!

Enjoy the process!

See what opportunities arise, what doors open and what miracles come your way. Know that we are never alone and have comfort and assistance available to us at all times. Open up and receive without over analyzing or writing it off to mere coincidence.

Release the idea that happiness hinges on getting what you want.

If you are waiting for that other person to come along and make you happy, know that this is a pattern that ego has put into place.

Release that knight in shining armour idea, and embrace all that you have to offer to the world.

Once you can experience yourself with full acceptance and love, you will attract love that you have never experienced.

Send out love with no boundaries, no expectations, or wanting to being saved. Release the idea that you need to look a certain way to be happy.

HONOR

IT IS TIME FOR HONOR AND RESPECT.

We all want to feel safe and know that those we love will stand up for us when needed.

Maybe someone is causing harm towards you, be it emotionally, financially, or physically. This could also be coming from your partner as well. Are they treating you like they should? Do they defend your honor during a heated discussion?

This card is telling you that your partner needs to step up and stand up for you, whether if it's against another person, or themselves.

Do not betray yourself, or rationalize that it's acceptable to be treated any less than you deserve!

LETTING GO

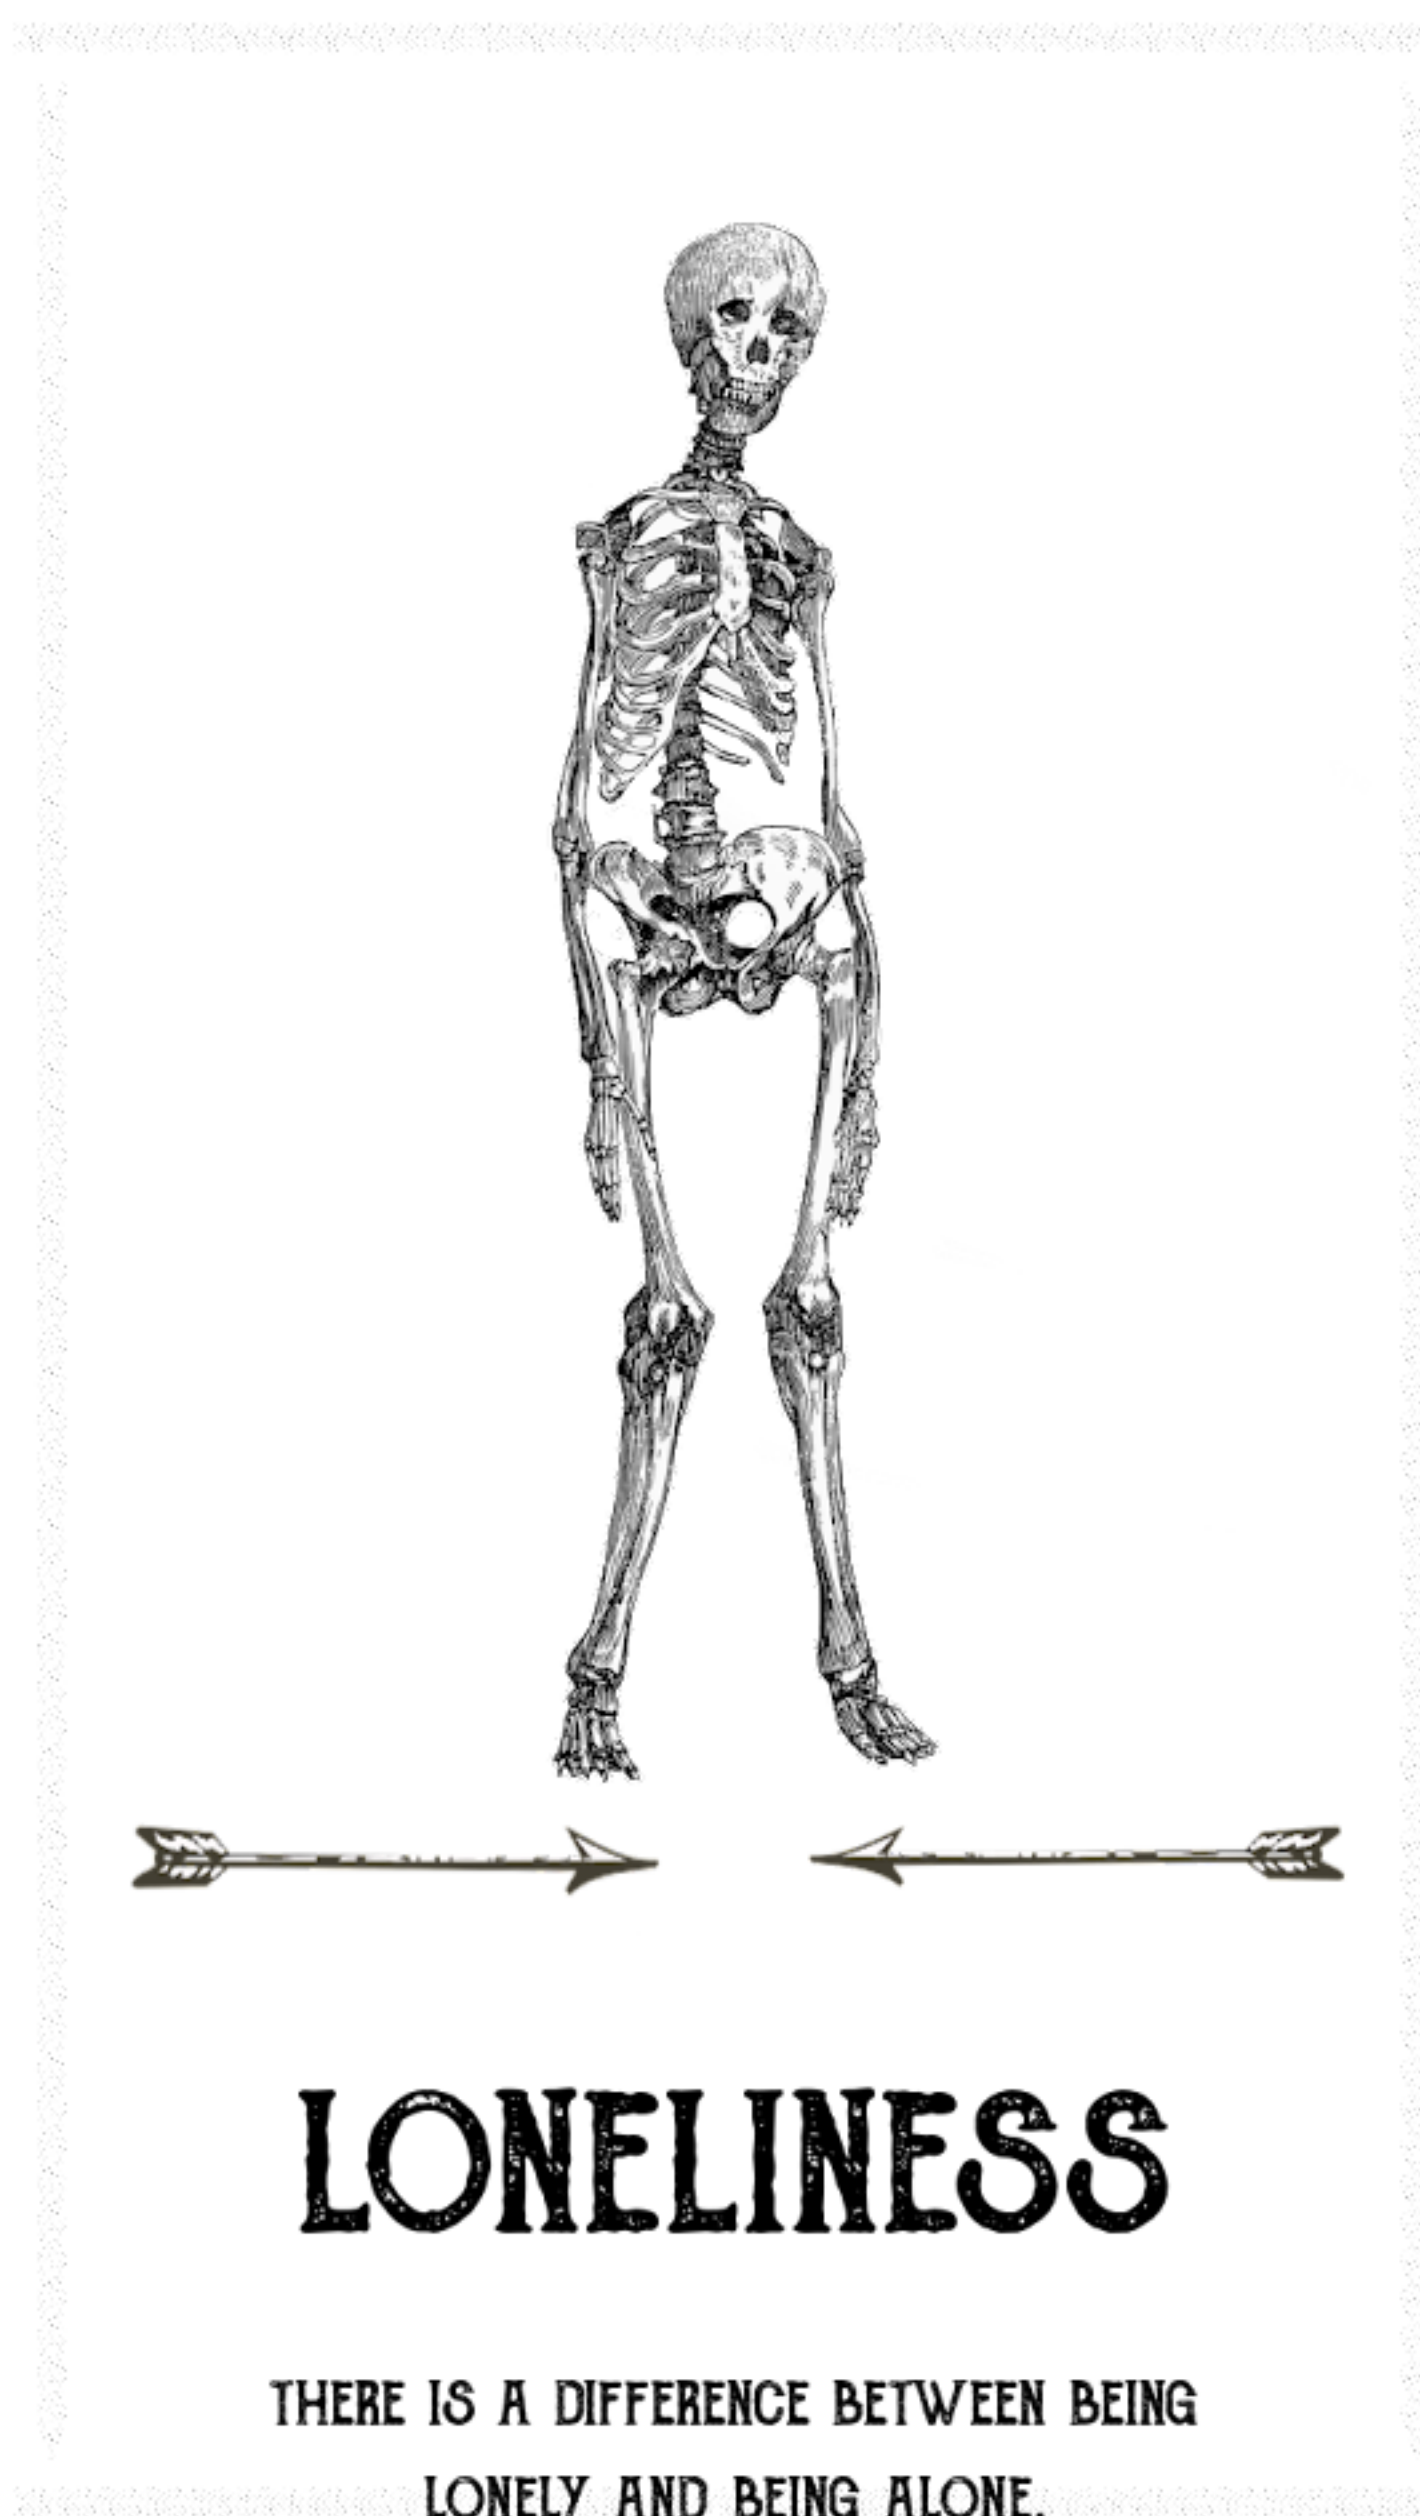

SOMETIMES THE BEST WAY WE CAN SHOW
OUR LOVE FOR THEM IS TO SET THEM FREE.

Sometimes the hardest thing we can do is set someone we love free.

We want to smother them with our love to show them just how much we feel for them. And yet this suffocates them and can send them running.

Know the greatest gift we can give them is our trust and show them unconditional love. The best way we can show our love for them is to set them free.

Release the fear and let go. Meaning, let yourself go too. Whatever you feel holds you back from truly enjoying life, release it all. And trust that what is yours will always come to you. Nothing can stop it.

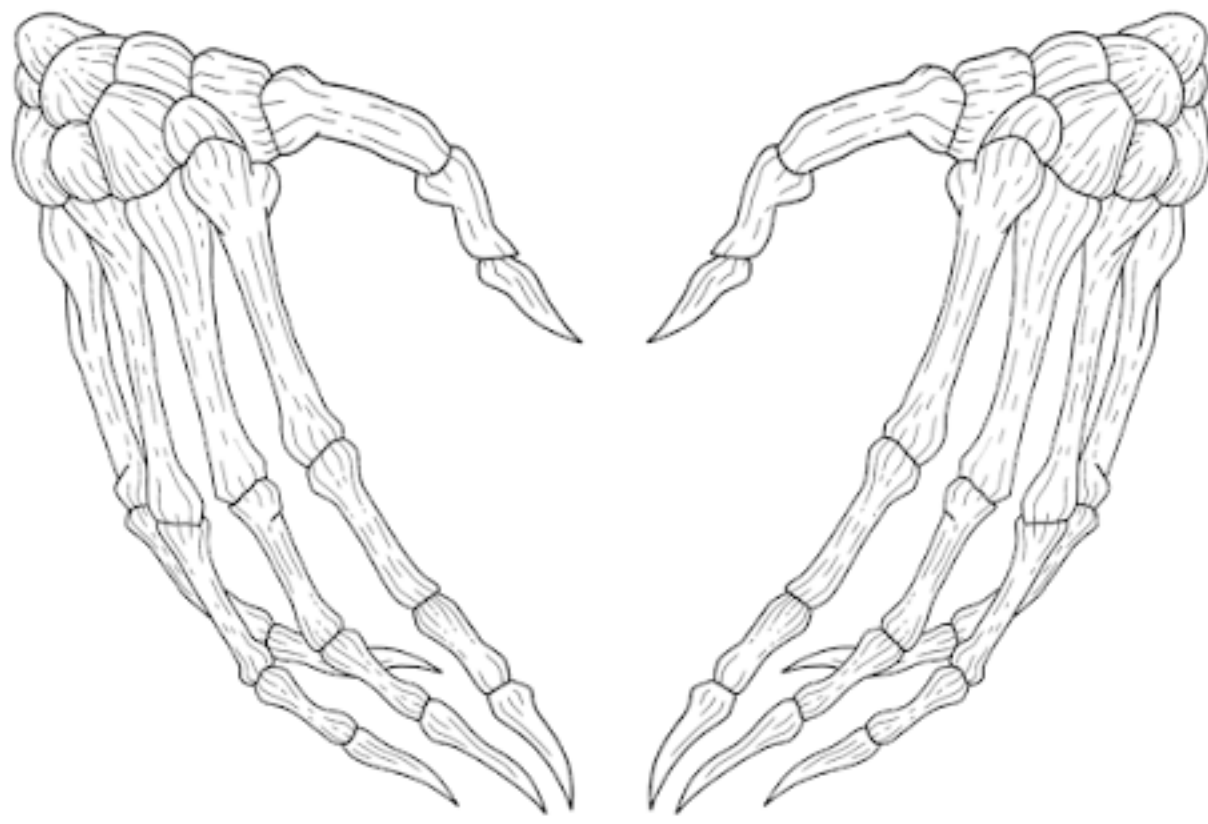

This card comes at a time when you're probably missing someone, feeling lonely or lost. or not getting the emotional support you need.

If you have been feeling lonely and feeling like you don't fit in, that is all about to change.

But, in the meantime, know that you can be alone, but not lonely. Loneliness is a negative take on being alone. You need take this time to connect with yourself instead of feeling sorry for yourself.

Enjoy the freedom that is available only when we are alone. Take a solo trip to somewhere you've always wanted to go to. That someone special will show up while you are having fun just enjoying your own company!

LOVE

YOU ARE LOVABLE.

If you are wondering if it is love or just a fling, know that it
true love!

Perhaps you've just met someone who made your heart skip
a beat, and you wondered whether to pursue him or her.
This card says that the answer is yes.

If you've recently been longing for more romance in your life,
this is the time to take charge of making that happen.

Remember that you are lovable and love really is all around
you. You are more powerful in the high vibrational state of
unconditional love than you can imagine.

Take a deep breath and set the intention that you will keep
this love connection open and flowing.

NEW LOVE

THIS IS A TIME OF WONDROUS CHANGES
IN YOUR LOVE LIFE.

Whether you are single or in a relationship presently, there is big love coming to you! This is a time of wondrous changes in your love life, and you are asked to trust the Universe to work things out for your highest good.

But in order for this to work, it must start with you.

If you are to strengthen the connection with this relationship, you must clear out and heal your past pain first.

You must forgive yourself and have compassion first for yourself before you can connect with the deep love within.

PATIENCE

GOOD THINGS DO COME TO THOSE WHO
WAIT.

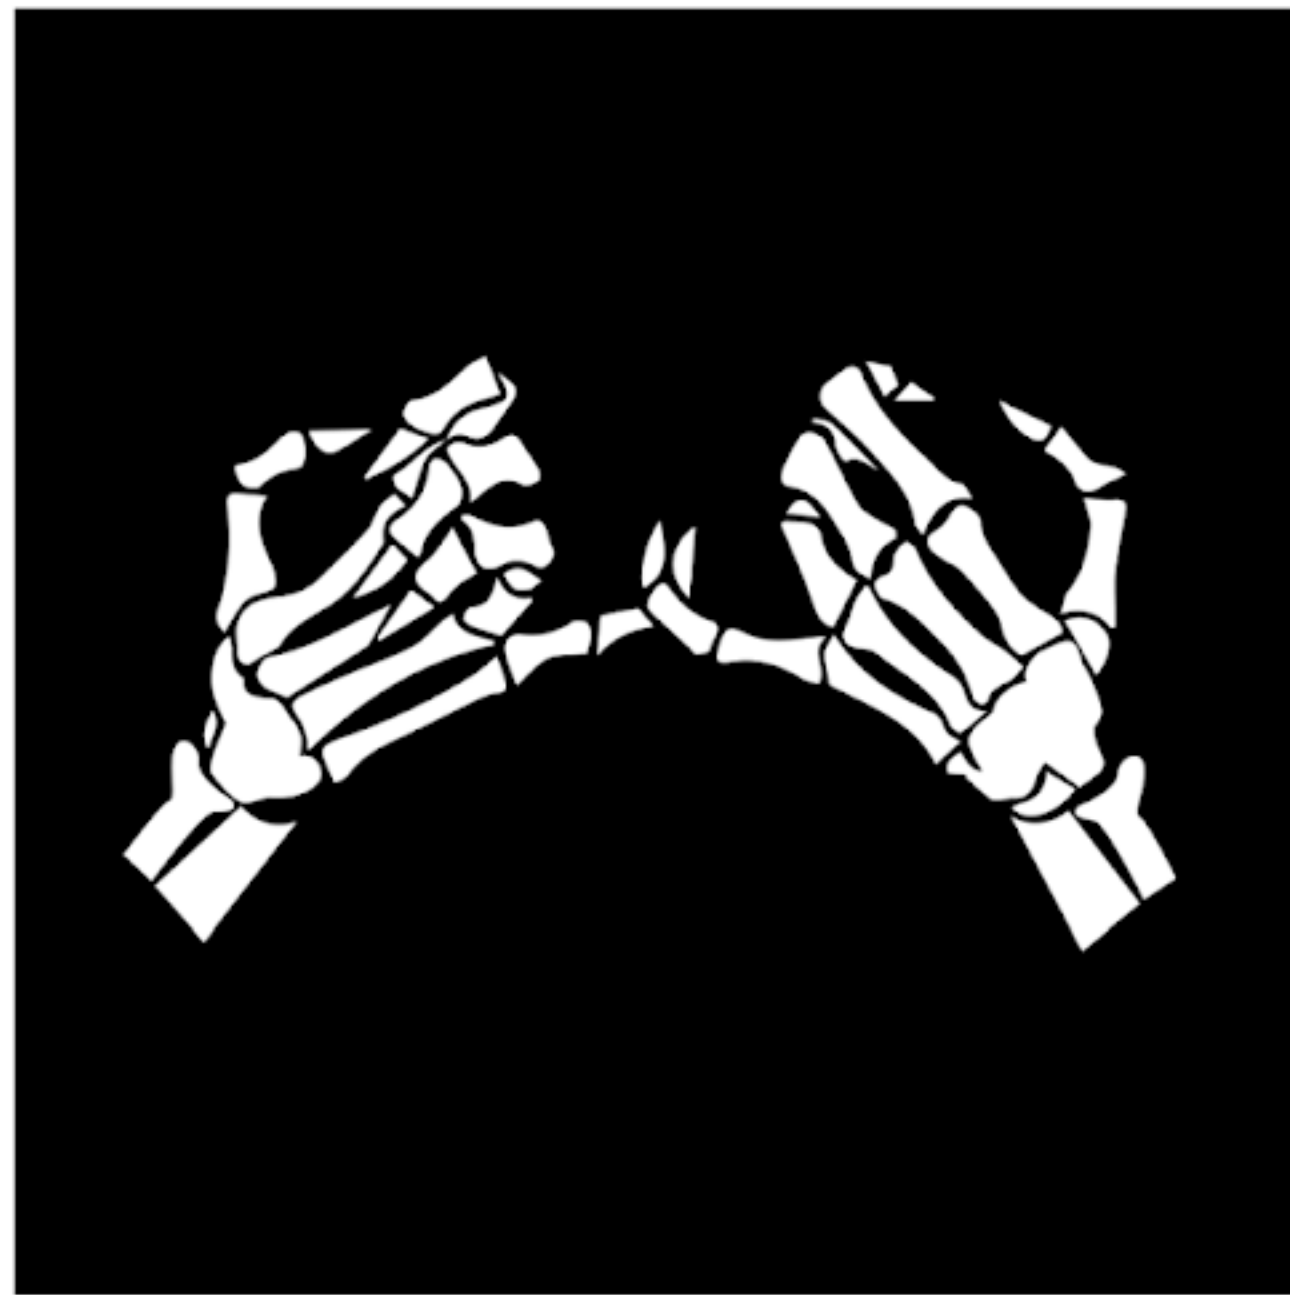

It may seem like things are not moving as quickly as you would like. You may feel that you have put in so much effort for very little return.

No worries, things are almost there. You are exactly where you need to be. Have faith in the process.

You may be feeling like you are struggling to manifest your desires. It is simply a matter of timing, things are not quite in alignment yet but they are coming together nicely.

In the meantime, take a break from your focused intention and do something that brings you happiness and relaxation instead.

Know that things are happening, even if it is behind the scenes. Realize that this was just a little pause along the way. Have patience.

PROMISES

PROMISES ARE MEANT TO BE HONORED.

A promise has two meanings: it can be a commitment and guarantee to yourself (or someone else) that a particular thing will happen, or it can imply that something specific is expected to happen.

You may of been promised commitment from a lover, only to be disappointed. If someone does not feel authentic, honest or true, trust your gut. Do not see only the good in someone. When we choose only to see the potential, sometimes we miss the reality of the situation.

It is time to make a promise to yourself to trust that your intuition is guiding you in the right direction and don't look back.

REJECTION

YOU COULD BE REJECTED, BUT THERE WILL BE
SOMETHING GREATER ON THE HORIZON.

This card brings a message warning you of the possibility of rejection. The loss can be big or small, but speaks of an emotional tie that no longer serves you.

It's time to be ready to accept that. This is a time to start fresh, and what has appeared to be an ending, may turn into a remarkable new beginning.

You may already know who or what this card represents, but if not, it can serve as a warning to help you avoid the loss or at least minimize its consequences.

You must trust that the future will be better for you.

SECOND CHANCE

BE HONEST WITH YOURSELF ABOUT WHAT
YOU ARE WILLING TO DO, INVEST, AND GIVE.

This is a time to take responsibility for your truest desire and to follow it. If your lover is asking for a second chance, be honest with yourself about what you are willing to do, invest, and give.

Choose and know that you are making it for the right reasons. If you move forward with a relationship, know that it will be based in truth and authenticity, and you are not simply hanging on because you do not want to be alone.

Know that no one can give you the advice you seek. In fact, it will only confuse things. Take some time in silence, and let the answers come to you.

SECRETS

THERE IS NO MORE NEED TO HIDE FROM
WHAT YOU DESIRE.

This card appears when you find yourself desiring another, but too afraid to let them know, for fear of rejection.

We may have allowed ourselves to believe that we must earn love through perfection; that we are not good enough or worthy of this love as we are. This has led us to be mistrusting of love. The damage of past relationships has left us feeling that it is fleeting, damaged, dysfunctional or painful.

It is time now to give love a chance. Trust that your guides are there and they are giving you the ability to trust in love and to put yourself out there again. There is no promise of never experiencing heartbreak again, but know you will still have faith that your soulmate is waiting for you!

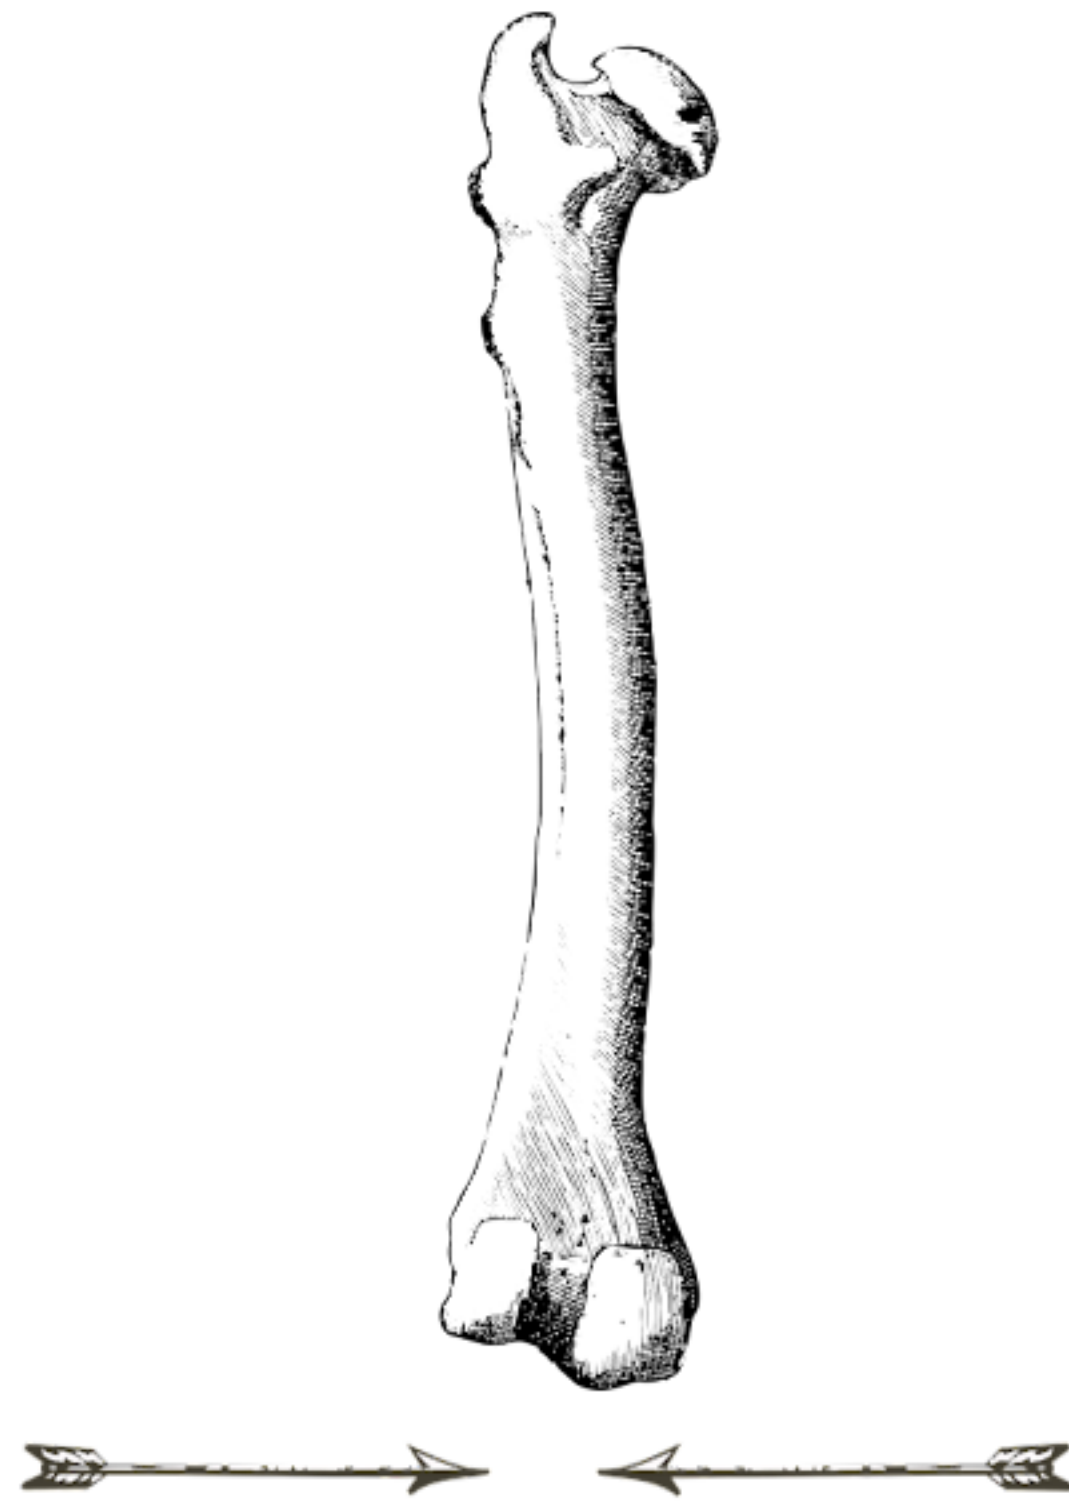

SELF-LOVE

YOUR LACK OF SELF-LOVE IS NEGATIVELY
AFFECTING YOUR LOVE LIFE.

We are taught that in order to feel whole, we must constantly seek approval.

This couldn't be further than the truth! Know that once we can truly love ourselves, flaws and all, then we become whole. In order for you to radiate your heart energy of love, you need to start with self. If you do not accept the loving features of self, then this will not allow you to be fully open to love to be received nor believe that you are deserving of love.

You are a beautiful being and when your time comes, you will accept yourself and be able to be open to the love that comes your way.

SEPARATION

A TEMPORARY PERIOD OF ALONENESS.

It maybe time to say goodbye to someone and/or something that's been close to you for awhile.

Your guides are helping you during this period of separation from your partner.

This temporary period of aloneness may be a time in your life when you're single and preparing for your next relationship. It can also mean a temporary relationship separation or divorce.

Call upon the angels for support and guidance during these transitions. They can help you discover true healing as you spend time alone.

This important healing prepares you for the next part of your relationship journey.

SERENDIPITY

YOU WILL BE IN FRONT OF THE RIGHT
PERSON AT THE RIGHT TIME.

You are finally in alignment with all that you have been praying for, focusing on and working so hard to manifest that special person !

Yes, there have been bumps along the way, and yes you have had to release some difficult people, situations and habits in order to make space for the new. The discomfort and loss that you have felt have been hard, and you faced your doubts and fears head on. But know that it was all part of the Divine Plan, and that you are now exactly where you need to be. You are a magnet for that which you desire to create.

Watch closely for signs and synchronicity and go where it feels right, for that is exactly where you are meant to be!

SHATTERED

BY ALLOWING THIS HEARTBREAK TO
CONTINUE, YOUR ESSENCE IS STARTING TO
SEEP OUT.

You have been wronged dearly, and you are broken in your heart.

You need to repair this situation in order to get your heart back. There is some healing that needs to occur, and see what can be resolved, so your heart can be whole again.

You have the power to repair your heart and love again. There may not be a chance the relationship with that particular person can be repaired, but by asking the universe for guidance, will you triumph out of the heartbreak.

This card appearing today may also indicate some self love that needs to occur before starting another relationship, or repairing the present one.

SOULMATE

YOUR SOUL WILL RECOGNIZE THEIR SOUL.

You have been searching for your love soulmate and it is time for the two of you to cross paths again.

Again?

Yes! A soulmate is usually someone you identify with without explanation, like you've known them forever, and that's because you have known them before.

You have a lesson to learn again, and you both have agreed as souls to do it together.

Enjoy this time together! It will be wonderful-even if the lessons to learn are hard and painful.

Be on the lookout for that familer feeling when you meet them-don't worry, you will know they are the one!

SURRENDER

HAVE COMPLETE FAITH.

You are trying to force or control outcomes rather than trusting in the process. When we try to control others, we forget that we are only responsible for ourselves; our own choices and reactions. Once you can let these old limiting habits and beliefs fall away, you will be ready to co-create something new.

Trust that the Universe is on your side. Trust that there is something amazing and wonderful on order for your life.

Trust that you are worthy to experience it all.

And then, surrender and allow yourself to receive it.

TEMPTATION

WHEN YOU TOY WITH THIS ENERGY, YOU
MAY BECOME CONSUMED BY IT.

You may not realize it quite yet, but you are undergoing a test. This test is to see how much you want, or what you think you want.

You know what your heart yearns for; what your Soul whispers to you... it is not something that can be satiated quickly.

This is not a time to ignore the signs and signals you are getting from the Universe. It is fine to be swept off your feet, but make sure whoever or whatever is doing it has your highest good in mind.

Do not waste your precious time and energy on anything or anyone that is not absolutely authentic and honest. If they do not radiate truth, then you know they are simply not for you. Trust your intuition. Take your time. Use all of your senses. Be awake and aware. Let them prove themselves to you. You are more than worth it.

TIME

IT IS TIME FOR YOU TO ASK FOR WHAT YOU
WANT.

In each moment we have the choice to create more of the same or something completely different.

You may have been waiting for your partner or someone you are dating to take the next step. And as we all know, a watched pot never seems to boil. So it's a good time to just come out and ask for what you want.

In the meantime, use this time for you. Once things get going, you may not have as much time to yourself as you would like!

TOXIC

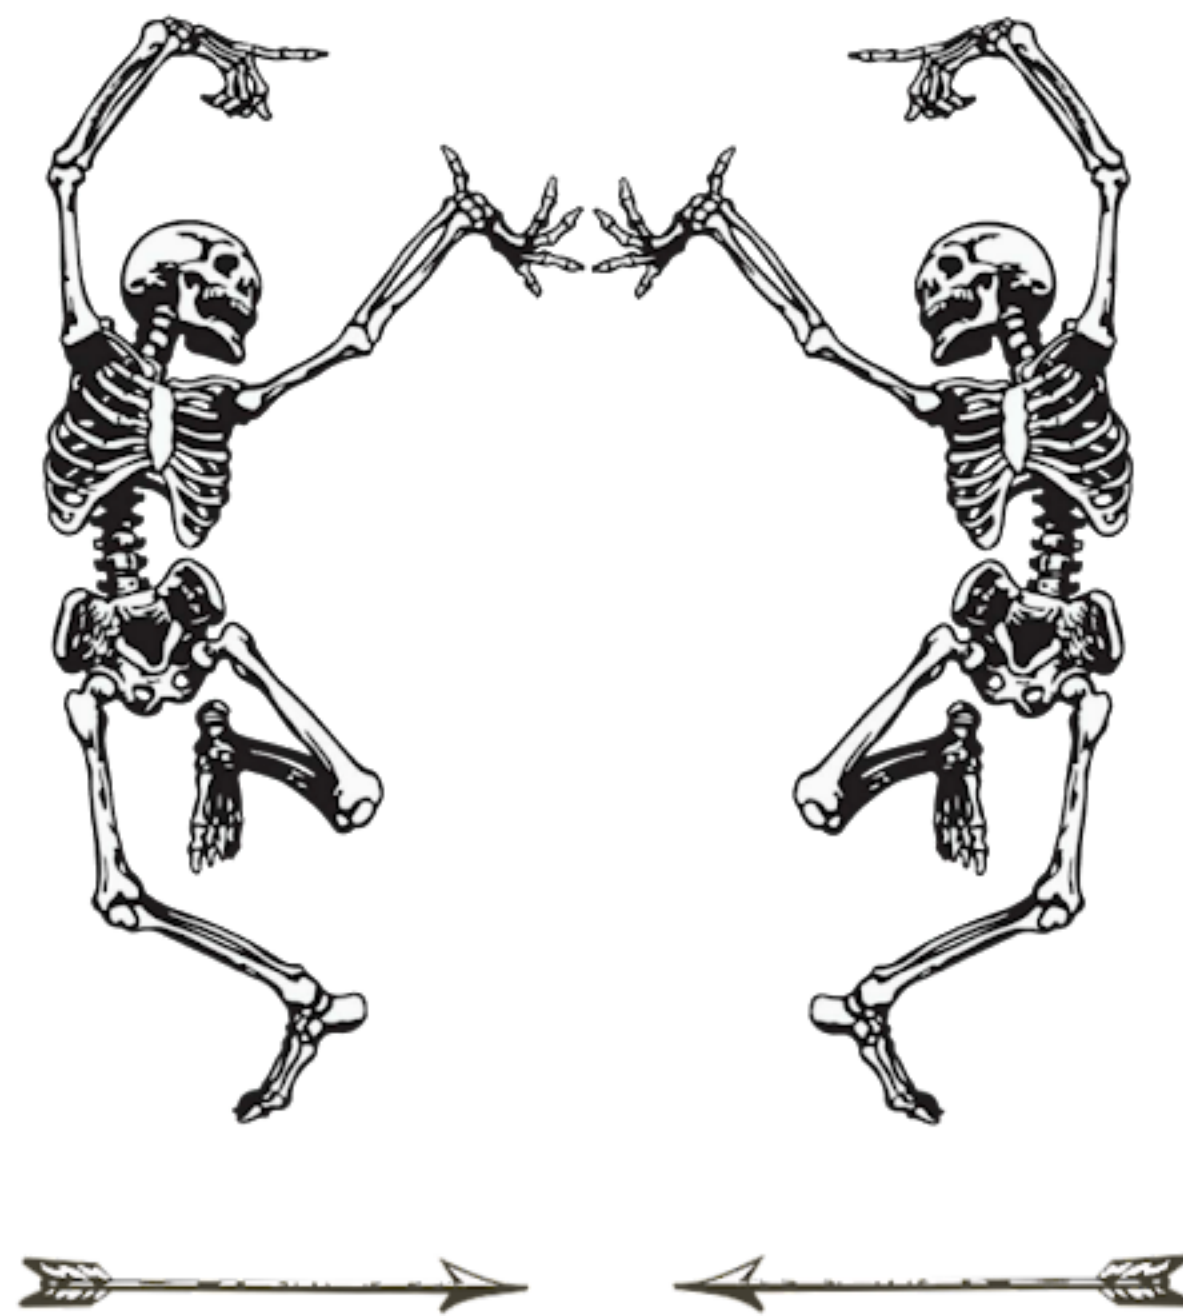

HAVE THE CONFIDENCE AND COURAGE TO
LEAVE A SITUATION THAT IS NOT GOOD FOR
YOU.

A relationship that is exciting and unpredictable isn't always good for us.

If you are being treated badly, mentally or physically, this is nothing short of toxic, and you must get out of it.

Or, maybe the relationship has ended physically, but is still very active and alive for you in your head, because there is no closure and you're the one keeping it alive. Conditioned trauma still lives inside you, and likely has nothing to do with the actual person but what pattern got triggered.

Negative attitudes and emotional vampires are manipulating your soul's freedom. Remove yourself from the game; cut these negative cords and be free.

TWIN FLAME

A TWIN FLAME WILL SHOW YOU YOUR
DEEPEST INSECURITIES AND SHADOWS.

You are here because you are wondering if this romantic person in your life is your twin flame, or if your twin flame is on their way.

This is not a whirlwind romance, it is something much deeper than that. Whether you are single or in a relationship, there will be a deepening of love, a breakthrough. The Universe is telling you that love is coming your way, are you ready for it?

Remember you are no good to anyone else if your energy is low and you are struggling. It is time to care for yourself and value yourself.

When you take the time you need to heal, you have so much more to offer.

UNCONDITIONAL LOVE

SEND LOVE TO THOSE WHO HAVE HURT OR
MISJUDGED YOU.

To be open to unconditional love, you have to love yourself and others unconditionally.

This doesn't mean becoming a forgiveness doormat. It just means you have to acknowledge and accept that you, and everyone else, are human, and we are all going to do human things from time to time.

Only we can decide how those things are going to affect us, and by choosing to let them impact us in a positive way that leads to growth is a wonderful expression of that love.

Separate the action from the person if you are trying to forgive to look at them in a different light.
